Kevin Brener

Role

GCSS-MC / DAI Product Architect

Connect

kevin.brener@caci.com

<https://www.linkedin.com/in/kevinabrener/>

Background

Kevin was born and raised in Michigan, and a proud alumnus of Michigan State University. Go Green! During college Kevin interned abroad in Stuttgart, Germany. After graduating he briefly moved to Atlanta, GA, before settling down in suburban Washington D.C. Kevin lives in Leesburg, VA, with his wife Jenn, and 2 daughters, Kayleigh (5) and Kendall (2). He enjoys outdoor activities, gardening, cooking, watching sports – especially soccer, football and basketball.

Kevin is a self-motivated, leadership-driven consulting professional with 13 years of successful Oracle EBS implementations and product enhancements for Public Sector clients. He has demonstrated an aptitude for delivering exemplary work products, facilitating positive organizational change, streamlining process inefficiencies, cultivating meaningful business relationships, mentoring junior colleagues and building team engagement.

Charles *KPMG* Cochran

Role

Principal
Advisory TD Commercial

Connect

<https://www.linkedin.com/in/charles-cochran-025a088/>

Background

Charles graduated with an MBA in Finance as well as a BBA in Management Information Systems from Baylor University. Charles is an experienced partner in KPMG's Advisory Services practice with over 28 years of experience advising clients on strategic global initiatives, organizational alignment, and complex technology implementations. Charles currently serves as a principal in the Transformation Delivery Commercial practice out of the Dallas office.

Chad Ware

Role

Digital Security Architect & Deputy CISO

Connect

<https://www.linkedin.com/in/catharina-dd-budiharto-cissp-cism-8a3a7b3/>

Background

Chad is a director with over sixteen years of technology audit leadership and technology risk consulting experience at Protiviti. Chad helps lead Protiviti's technology audit practice in Dallas with a focus in the consumer products, technology, telecommunications, and manufacturing industries.

Major Projects

- Implemented and supported Sarbanes-Oxley (SOX) technology compliance programs for over forty clients across all major industry groups.
- Advised on the design, execution, and testing of IT general controls, application controls, key reports and helped implement governance, risk and compliance and segregation of duties analysis tools and processes.
- Led IT Internal Audit and IT SOX Compliance programs at a global airline for over six years. Concurrently managed the redesign of the IT SOX program while building an IT Internal Audit program as the airline underwent major changes through merger and organizational integration.
- Managed outsourced and co-sourced technology audit and control advisory engagements for clients across several industries.
- Led and executed audits across all IT strategic and operational process areas including IT governance, general controls, application controls, security, privacy, and continuity.
- Performed IT Service Management (ITSM) consulting for clients in the retail, financial services, and insurance industries, comparing current practices to ITIL and COBIT frameworks.

Antoine McAbee

Role

Technical Analyst

IT Applications, Procurement & Commodities

Connect

<https://www.linkedin.com/in/antoine-mcabee-b5b8b0159/>

Background

Antoine is the technical lead in IT supporting both the Commodities Purchasing Group and Procurement teams at Tyson Foods. He is a recent Baylor graduate and studied Health Science studies and Computer Science before landing on Management Information Systems in the Hankamer School of Business. Antoine worked for Tyson for three years in an intern capacity prior to coming on full-time in the Summer of 2022. He also worked for Dell Technologies as a Cybersecurity Automation Engineer.
