

# Partnering for Your Future

## CULTURE

Baylor's core values attract students with a diverse range of backgrounds who are passionate about learning in an intentional environment. Although the Baylor MBA program is rigorous, it is collegial, and students feel supported while being challenged to accomplish great things.

## REPUTATION

At Baylor, we strive to develop future leaders who have integrity and who contribute at a high level within their organizations. Our graduates are equipped with business skills and knowledge that enables them to have a meaningful impact from day one on the job.

## REAL-WORLD LEARNING

Our program provides students with the opportunity to work directly with industry executives to solve real world dilemmas. Students evaluate a given problem, research and analyze data, determine the best possible solutions and present implementable recommendations to upper-level executives.

## COMMUNITY IMPACT

In support of our mission, MBA candidates volunteer to serve the community through our partnership with the Prison Entrepreneurship Program (PEP). By serving as a Business Plan Advisor, students assist inmates as they progress through PEP's entrepreneurship concentration program.

## CONCENTRATION OPTIONS:

Earn a concentration within your MBA degree.

### HEALTHCARE ADMINISTRATION

Focus is to equip you to serve as a healthcare administrator of a leading healthcare organization.

### BUSINESS ANALYTICS

Focus on how organizations use analytics to gather and use vast quantities of data to develop strategic advantages.

### ENTREPRENEURSHIP AND CORPORATE INNOVATION

Focus on launching a venture as well as creating new activities within a successful business.

### CYBER SECURITY

Focus is to learn how to protect the integrity of data, networks and programs from unauthorized access, damage and theft.

## EXPERIENTIAL LEARNING

### PROFESSIONAL DEVELOPMENT

As part of their career development curriculum, students spend a week in New York City or Chicago where they engage directly with industry leaders and hear from esteemed speakers.

### INTERNSHIP OR EXECUTIVE RESIDENCY

After meeting with our dedicated career professionals, MBA students identify their career objectives and pursue them in a three-month internship or nine-month healthcare executive residency.

### CASE COMPETITIONS

Each year, Baylor sponsors the National MBA Case Competition on Ethical Leadership. MBA students can compete in this competition, as well as others around the country. Baylor MBA students have competed in many recent competitions at host schools such as Duke, Texas A&M, Pitt, Alabama, Ohio State and others.

### INTERNATIONAL TRIP

All Baylor MBA students spend a week abroad as preparation for becoming influential and informed business leaders in an increasing global marketplace.

## SCHOLARSHIPS

Full-time Baylor MBA students are awarded Tuition Scholarships ranging from 25-100% tuition remission.

## DONE IN A DAY

Done in a Day is our premiere admissions and scholarship event that allows attendees to accelerate the application process, by spending the one day as an MBA student. Interact with current MBAs, participate in class, discuss current events and visit campus. Applicants who have submitted an application can interview for the program, and we promise to give you the admission and scholarship decisions within 24 hours of your interview.

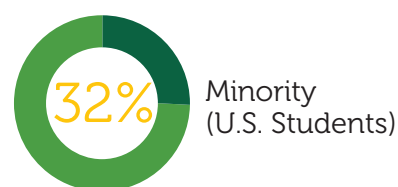

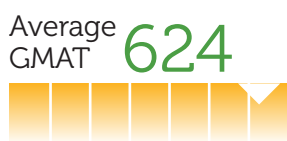

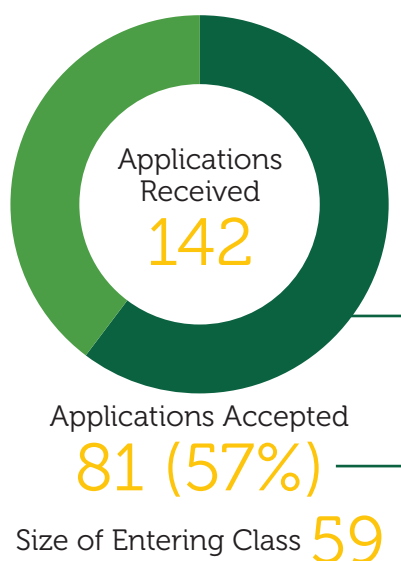

## ADMISSIONS

Successful applicants demonstrate strong leadership ability and analytical skills, regardless of work experience. The Admissions Committee looks for team-focused applicants who have a strong academic record.

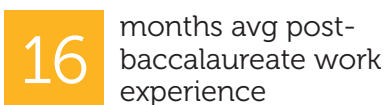

## VISIT

We encourage you to visit in-person or virtually to learn what makes Baylor Business the right place for you. You can join class, chat with current students, and talk with our admissions staff. Schedule your preferred visit experience at: [baylor.edu/mba/campusvisit](http://baylor.edu/mba/campusvisit)
