# TRANSFERRING CREDIT

Dual credit (if completed while in high school) and transfer credits are accepted from regionally accredited and foreign institutions.

Students must earn a C or higher, and Baylor must have an equivalent course. Credit will be given for these courses, but **it will not apply to the Baylor GPA.**

All coursework taken at another college is evaluated for equivalent transfer credits. This means that a course is evaluated based on whether it will transfer to Baylor or not. To determine which courses are considered to be equivalent to Baylor courses, use the **Equivalent Course Tool (ECT)** guide.

**To transfer credit, send an official transcript to the Office of the Registrar at Baylor**
